

# FUEL-FACS<sup>+</sup> DET

## Terminal Automation System Driver Entry Terminal (DET)

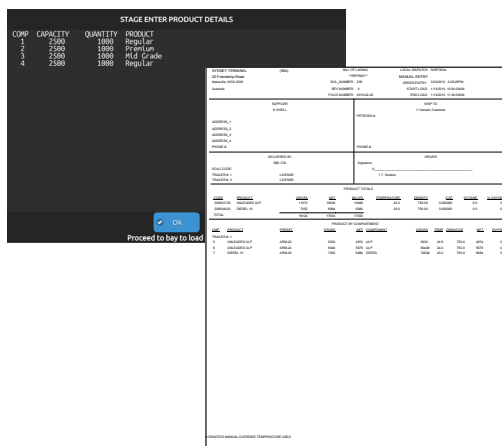

When it comes to the equipment at your terminal, quality and reliability is paramount. The FUEL-FACS<sup>+</sup> DET is no exception. DETs take a beating from the elements and from drivers, too. Built on the field proven and reliable AccuLoad<sup>®</sup> IV platform, the FUEL-FACS<sup>+</sup> DET delivers superior dependability. The rugged, weather-proof enclosure can be installed anywhere drivers and terminal personnel interact with FUEL-FACS<sup>+</sup>.

### Applications

- ▶ Entry and exit gates
- ▶ Staging areas
- ▶ Loading bays
