

GUIDANT

Revolve™

Enhancing the lifecycle of measurement equipment
through remanufactured equipment solutions

Our Revolve Program

Guidant is a global leader in measurement and flow integrity solutions, providing the most accurate and reliable performance for mission critical inventory transactions.

In the current business environment, we have an even stronger focus on decreasing risks and driving cost efficiencies for our clients.

We understand our clients need operational efficiency, sustainable maintenance costs, a lean stock inventory, and minimized downtime in the field while never compromising on safety.

Our Revolve program offers equipment exchange, buy-back, and repair service for our flow measurement products. Clients can receive Revolve equipment in like-new condition and with upgraded technology. All equipment is repaired, tested, and factory recertified with a one-year warranty.

Service

We have a dedicated service department for Revolve equipment that can disassemble, evaluate, repair, and re-certify equipment accurately and efficiently.

Guidant strives to maintain a regular inventory of Revolve equipment and rapid-response spare parts that can ship within 24 hours.

Benefits

- Recertified and factory tested
- Minimal operational downtime
- One-year factory warranty
- Cost effective
- Operationally efficient
- Dedicated service personnel
- Committed communication
- Client transparent testing and inspection
- Improved environmental footprint
- Factory parts on demand

About Guidant

As the undisputed leader in liquid and gas custody transfer solutions with the largest global install base, Guidant's legacy is built on more than 90 years of expertise, accuracy, reliability, and best-in-class technologies. We are a private company focused on the measurement solutions business, serving emerging and established energy markets across the globe.
